

# Program Booking and Presenter Services Agreement

Draft for legal and organizational review. Complete all blanks and UNSET rates before execution. This copy is unsigned; printing or previewing does not activate billing.

Booking order and presenter services agreement. Complete every commercial and logistics field and attach the accepted app quote before signing. This order concerns educational programming; clinical treatment requires its own authorization and documentation.

MH4Kidz is the customer-facing program operator and issues the school invoice. Payment is processed in the app where configured; a verified payment produces a receipt. MH4Kidz pays the presenter and the contracted platform expense through its approved financial workflow. Grant allocations and promised sponsorship are not completed payments. Presenter invoices must reference the booking. Discounts given to a school do not reduce the agreed presenter or platform obligation unless the affected party agrees in writing. No percentage applies to travel, taxes, donations or unrelated grants.

If no cancellation amount was agreed, no cancellation charge may be invented later.

#### **5. Responsibilities and completion**

Presenter provides the agreed educational services with reasonable care, maintains required qualifications, respects school safeguarding rules, and reports completion and aggregate attendance. School supplies a suitable space, supervision, access and requested accommodations. MH4Kidz coordinates the order, confirms funding and resolves program issues. Presenter retains preexisting intellectual property and grants only the use agreed for this event. Presenter is an independent contractor only to the extent the actual relationship and applicable law support that classification. A written order cannot override legal employment obligations. Each party is responsible for its own acts and omissions. No clinical or educational outcome is guaranteed.

#### **6. Confidentiality and signatures**

Only information necessary to arrange and deliver the program may be shared. No public participant list is authorized. PHI processing requires an applicable BAA chain and authorized scope before disclosure. The parties agree to the attached quote and completed terms. Alterations require agreement of the affected parties. Governing state: \_\_\_\_\_.
